

Ceres

Model Ceres 0406

The Globe-fire Ceres is the embodiment of romance and will bring comfort to your home.

Its compactness and timeless look makes this stove a suitable option for many houses.

This Ceres is made of solid cast iron using the very latest techniques, making it possible to cook and warm the house without any worries.

With this latest technology the stove can be regulated to your own wishes and personal needs, which also increases durability.

Furthermore our wood burners have been produced in such a way that they are recyclable at all times.

The wood burning area is suitable for wood with a length of 28cm.

With a Ceres in your home you can imagine yourself back in grandmother's time.
